

Name: koyyana pournami
Branch: computer science
Batch start date:24-11-2025
Batch end date:28-11-2025
Project title: neighbour hub
Project link:<https://my-site-wu1xqo48>

The image shows the homepage of a "Community Hub" website. The header features the text "COMMUNITY HUB" in large, bold, white letters. To the right of the header are four navigation links: "Home", "Announcements", "Events", and "Buy & Sell". Below the header, there is a large, bold, white text block that reads: "YOUR COMMUNITY CONNECTION STARTS HERE". Underneath this main heading, there is a smaller, italicized text block that says: "Discover what's happening in your neighborhood. Stay informed, get involved, and connect with your community." At the bottom left, there is a call-to-action button with the text "Explore Updates →". The background of the page is dark.

Description of the project:

Neighbour Hub is a community-focused digital platform designed to connect people living in the same neighbourhood. It helps residents share updates, post announcements, discover local events, support one another, and build a stronger, more connected community. The hub promotes safety, collaboration, and communication among neighbours, making daily life easier and more engaging.
